PROINT operational environment

An up to date and flexible networking organization

The screenshot shows the PROINT website homepage. At the top, there is a navigation menu with 'START', 'PROINT', 'DIENSTEN', and 'CONTACT'. Below the menu is a banner with the text 'Professionaliteit gecombineerd met eenvoud!'. The main content area features a central graphic with a triangle and a cloud containing terms like 'Strategie', 'Resultaat', 'Processen', 'Doelen', 'Producten', and 'Cashflow'. To the left, there is a sidebar with a 'Start' menu and a 'Managers en Consultants' section. The main text describes the company's services, including consultancy, project management, interim roles, coaching, and workshops. It also mentions a 'December thema' about growing in a stock market and a 'Verbeteren' button. At the bottom, there are logos for MKB and DGA, and a footer with copyright information and contact details.

Verbeteren 

In onze voortdurend veranderende wereld biedt **PROINT** met praktijkervaring onderbouwde **managementondersteuning** voor organisatie veranderingen en organisatie advies, projecten, interim taken, consultancy en coaching.

PROINT garandeert een efficiënte **hands-on** aanpak, is resultaatgericht (maar verliest mensgerichtheid niet uit het oog), combineert theoretische kennis en praktijkervaring met actiegerichtheid, opereert strategisch (ook in bedrijfs-politiek gevoelige situaties), communiceert open en is flexibel (maar ook standvastig indien nodig).
